Edited by PETER PARLEY. With Eight Original Designs. One handsome 12mo., $1,00. The same, in full gilt sides and edges, $1,50.

"Every child in the United States who has any taste for good books will brighten up at the name of the venerable Peter Parley. Two new volumes from his charmingly garrulous pen will be as welcome as the Thanksgiving roast turkey. In the 'Balloon Travels' you have a bird's-eye view of the most interesting portions of Europe, as you soar into the upper air at the side of the famous Mr. Robert Merry. He is kind enough to tell you all about the curious things you are looking down upon, and by the time you have finished your aerial journey you will find that you know much more than when you started. Mr. Gilbert Go-Ahead is another guess sort of a person. He travels over the best part of the world by land and sea, and has no taste for riding in Baloons. When he comes home he has a plenty of stories to relate about the wonders he has seen abroad. Beside the delightful talk which Peter gives you in these books, they are full of fine engravings, which almost make you feel as if you had seen the curiosities he tells about."—*N. Y. HON. FERNANDO WOOD,

MAYOR OF NEW YORK CITY,

By DONALD MACLEOD, Esq.,

Author of "Life of Sir Walter Scott," "Pynnshurst," "Bloodstone," &c.

MAYOR WOOD, by his intrepid and independent course as the Chief Magistrate of the metropolis of our country, has won the admiration of the whole civilized world, and created a world-wide interest, and a special curiosity to know the history of such a man—hence its production. The work, aside from interest in the man, will be exceedingly entertaining, full of stirring incidents. Library size, beautifully printed on fine heavy paper, superb binding, and will contain a splendid life-like, steel engraving of the Mayor, by Buttre. Price, $1. Sent free of postage on receipt of price. Energetic Agents wanted to sell this work in all parts of the United States. Address

Capital over $165,000, in Cash & Premium Notes.

THIS COMPANY offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of contingencies, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments, at a cost to the property insured not exceeding two mills on the dollar.—Its business is principally confined to this State.

LILLIE'S SAFE TRIUMPHANT.

New York, Nov. 14th, 1855.

Philander Eddy, Ag't World's Safe Co., Chicago, Ill.

DEAR SIR:—You will notice by the New York papers that Lillie's Chilled Iron, Fire and Burglar Safes and Bank Locks, manufactured by the World's Safe Co., Troy, N. Y., have as usual obtained another *victory* at the great Fair of the American Institute, held at the Crystal Palace, over the *combined sheet iron* Safe makers, by securing the *first premium* on both Safe and Lock, separately. The Chicago certificate farce and posters were freely circulated here, but their malignant design could not defeat the *known superiority* of Lillie's Safe's, and the Crystal Palace jurors have now *confirmed* what the jurors at the Detroit Fair *decided*, the Chicago jurors *duplicated*, and the public *reiterated*, that Lillie's Safe and Bank Lock are the best in the world. Respectfully,
J. C. MORRIS,

ANOTHER TRIUMPH OF HERRING'S SAFES.

MR. SILAS C. HERRING—

Dear Sir:—The safe I bought of you, nearly two years since, has "turned up" all right. We dug it from the ruins in the cellar yesterday. The safe was in the back part of the fourth story of "Totteral's Building," corner of Fifth and Chestnut streets, to the height of the fire of the 13th inst., and fell with the burning timbers a distance of 45 feet. It contained all my books and papers. Not a thing was saved on my premises except the contents of your safe, which effectually resisted all the "the fury of the flames." I am now using the same books and papers.

Yours, truly,

News of the Morning.

The proceedings of the Legislature for the first two days of the session, will be found in our columns this morning. It is thought that the Legislature will receive the Message of acting Gov Barstow to-day, and that Gov. Bashford's appeal from the decision of the State Canvassers, will be formally presented to the Supreme Court this morning. Congress is still unorganized.—The Atlantic seaboard is buried in snow two feet deep, and freezing with cold. Another fatal railroad accident is reported on the Hudson River R. R. The Nicaragua filibusters are experiencing more trouble, and our relations with England look threatening. The extreme cold weather has at length shown symptoms of moderating.

Organization of the Legislature.

It will be seen by our letters and despatches from Madison, that both branches of the Legislature organized formally yesterday. In the Senate, Byron Paine of this city, a gentleman admirably qualified for and eminently deserving of the office, was elected Chief Clerk. In the House, Mr. Hull of Grant, was chosen Speaker, Mr. Armstrong of the Janesville *Standard*, Chief Clerk, and W. Mosely of this city, Sergeant at Arms.—The selection of Speaker is a good one. We do not admire Mr. Hull's political course, but his ability and experience are unquestionable, and we do not doubt that he will make a capable and impartial presiding officer. Our readers will be kept duly and promptly advised of all that transpires at Madison.

Mr. Bashford's Oath.

We have heard many comments upon the extraordinary scene which took place yesterday in the Supreme Court—the administration of the oath of the office of Governor to Mr. Bashford by Judge Whiton, the Chief Justice of the Court. We speak of it as extraordinary, to save the use of stronger language.

We can see no circumstance about it justifying the course of Judge Whiton. He knew that Mr Bashford, now, at least, had no legal title to the office. The only legal evidence of title was possessed by Gov. Barstow. There is now no contest of Gov. Barstow's right to hold the office. He holds it by the only legal title that exists—the certificate of the State Canvassers. This, Judge Whiton knew as well as he knows any fact of common and public notoriety. He demanded no evidence that Mr. Bashford was entitled to assume the obligations which his oath imposed.

* * * * *

If, too, the threats of a contest are even fulfilled, in what position does the part taken by him in this stupid farce, leave Judge Whiton? How is he fitted to sit in judgment on a case in which he has already borne such a part? The stability and power of courts are based upon the respect the people have for them. To this respect—to this very foundation of the authority of the court over which he presides, Judge Whiton has administered a serious blow. And what countenance has his act not given to the boast of Mr. Bashford's friends about the streets, that at least *"they have a majority in the Supreme Court."*

We speak in sober and measured terms upon this subject—in far milder language than that used by the best legal authorities in the State, of the culpability of the act.—*Madison Argus.*

We are glad to see the *Argus* reduced to "sober and measured" language on this subject, and congratulate it upon its sudden and sensible change of tune. In its first notice of this proceeding on the part of Gov Bashford, the *Argus* affected to treat it as a poor jest, and its echoes through the State, speaking upon this official hint, have striven to ridicule the matter, and to make their readers see it in the same light. No doubt they too, will discover, with their Madison bellwether, that the business is sufficiently serious to demand "sober and measured" language, instead of idle jests, or intemperate declamation.

The assault which the *Argus* makes upon Chief Justice Whiton, for the simple act of administering the oath of office to Coles Bashford, claiming to be the Governor elect of this State, is doubtless the preconcerted signal for a hue and cry against this pure and upright Judge, on the part of the Barstow press throughout the State. It is a significant fact, moreover, that the echoes of the *Argus* are busily engaged, just now, in questioning the authority of the Supreme Court to deal with the contested case of the Governorship, and are magnifying the difficulties in the way of trying titles to this high office before a Judicial tribunal. The people will not fail to mark these symptoms, and to attribute them to their true source, the consciousness of a bad cause.

If the partisans of W Barstow really believed that no frauds had been committed in the canvass, and that he was fairly and honestly elected to the post which he assumes to fill, they could give no stronger proof of that belief than by courting and expediting the judicial investigation which the friends of Mr. Bashford demand. But they knew, as we know, that such an investigation will disclose a series of frauds upon the ballot-box and of forgeries in the canvass, unparallelled in the history of American Elections, and they rightly dread the effect of such an exposure upon their political prospects. Hence, the studied effects of the Barstow Press, first to discredit the statement that Mr. Bashford had decided to contest the election; next to ridicule the step as a farce and to treat the judicial investigation of the matter as an impossibility; and now, to intimidate the Supreme Court and shake its authorities with the People, by personal attacks upon the Judges, by the imputation of unworthy notices and by effected doubts or denials of its jurisdiction. But there are "weak devices" and will only serve to strengthen and confirm the prevailing conviction that there was foul fraud in the canvass, and to swell the cry, coming up from all parts of the state and from honest men everywhere, for the vindication of the ballot-box; the enforcement of the right, and the exposure and punishment of the guilty.

Commerce of Manitowoc.—We copy from the Manitowoc *Herald*, the report of the commerce of that flourishing lake port, for the year 1855.—The increase over previous years is very large, and is significant of the growth and general prosperity of the town and vicinity. The *Herald* says that the value of the exports for 1855, exceeds *half a million* of dollars, and adds:

"The present population of Manitowoc will now exceed twenty-five hundred, with a larger proportionate increase in the county. The farming interests are progressing more rapidly than at any time hitherto, and farmers are turning their attention to raising grain, which would be produced in large quantities, if the roads to the interior were passable at all seasons for loaded teams."

National Democratic Convention.—The National Democratic Committee have designated the 1st of June next, as the day for holding their Convention for nominating President and Vice President. Cincinnati is the place of meeting.

Two Contested Seats.—Besides the Waupacca District, contested by Messrs. Brunquest and Bostedo in the Assembly, the seat of Mr. Enser (dem.) of Dodge County, is contested by Mr Leland, (Rep.).

The Weather Moderating.—At Sunrise yesterday, the mercury marked 18 degrees below zero, by noon it had risen to zero, and at 2 P. M. to 5 above. This is a vast improvement on the temperature of Wednesday.

FROM MADISON.

Editorial Correspondence of the Sentinel.

Madison, Jan. 8.

Nobody in Milwaukee will be surprised by the statement that this is cold weather; therefore, I will not argue the point. Leaving town at five o'clock, immediately after the arrival of our military at home from their winter campaign, where they endured the "troubles which do environ the men that meddle with cold iron;" we came westward as far as Milton, with as much expedition as a due regard to safety, with the mercury at 25° below 0, would allow. At Milton, we were obliged to remain till our faithful conductor, Olin, could run to Janesville and back, with the passengers going that way,—the engine in the branch being frozen up. Starting again, we arrived at Madison at 1 o'clock this morning, and were soon safely bestowed in comfortable quarters; as for myself, quartering a room with three members from Rock County, at the Capital House.

Beyond what you have by telegraph, nothing of importance has transpired except that we are able now to give our readers some of the points in the contest for Governor which *will be shown by incontestible evidence*. Briefly, then, it will be shown, that in Waupacca County, in the town of Waupacca Falls, the *actual* vote cast for Governor was 268 for Barstow and 219 for Bashford; whereas it was fraudulently returned at some 500 majority for Barstow! That in town 25 range 15 of the same county, some 79 majority was returned for Barstow, there being *not a voter residing in the town!*

That in one of the northwest counties, a supplementary return was sent to and counted by the State Canvassers, giving Barstow 76 majority, from a town which has no existence, and where no poll was held!

That in another, a like return was counted giving about the same majority, and no town, or poll!

That in another, a suplementary return from an actually existing town was sent in and counted, at 39 majority for Barstow, but there *was no election held there at all!* the last three returns being *purely fraudulent and fictitious*.

The returns from the County Canvassers, throwing out these supplementary returns, and saying nothing of the Waupacca Falls fraud, absolutely elect Bashford! and the feeling is very strongly in favor of a refusal, on the part of the Republicans, to recognize Mr. Barstow as Governor in any way, but to await, even if an adjournment of the Legislature is necessary, the result of the suit. We shall see what we shall see.

You will observe the odd turn which has been given to the Waupacca matter as to Assemblyman, by the swearing in of both Bostedo and Brunquest. Of course but one is *the* member, and the counties interested are scarcely entitled to two votes, more than others. W. H. W.

Madison, Jan. 9., 8 P. M.

I doubt whether the letter sent to the depot this noon will have reached you before this one, and this may serve as a postscript. The Telegraph line is down, and you are all in the dark as to the doings in this quarter. Possess your souls in patience, for nothing will be done yet awhile in either house.

The Republicans of the Senate had a test vote this A. M., on adjourning, as it is supposed that they preferred to have some understanding with the Lieut. Governor, as to committees, before giving the appointment of them to him. In the afternoon, they nominated Byron Paine, of our city, for chief clerk, and Joseph Baker, of Janesville, for Sergeant-at-Arms, and these officers will doubtless be elected to-morrow.

I presume that Mr. Hull, of Grant, will be chosen Speaker of the Assembly to-morrow on the first ballot, although there are some anti-Barstow men who are said to be half inclined to bolt his nomination; but party lines are strong.

The weather has moderated this afternoon, and the mercury now marks not more than 10 or 12° below zero.

Hoping that this will reach you some of these days, I am, as usual,

W. H. W.

Madison, Jan. 10.

Senate met—all present. Byron Paine elected Chief Clerk by 13 to 12, in a straight party vote. Several ballots for Sergeant at Arms—J. Baker had 12, to 13 for all others. No choice. Mr. Pier of Fond du Lac, did not vote for Baker, the Republican candidate. Adjourned to 10 A. M. to-morrow.

Assembly met at 10 A. M. Several additional members present and sworn. Mr. Burchard moved that Mr. Leland of Dodge, be sworn. Objected to, as he has no certificate. Mr. Burchard insisted that Mr. L. was legally elected, and contests the seat. His motion was tabled.

Vote for Speaker.—Hull, 45; M. M. Davis, 5; Potter, 6; J. H. Knowlton, 7; Cameron, 4; Birchard, 7; J. T. Mills, R. Smith, Hawley and A. W. Farr, 1 each. (Hawkins voted for Hull.)

Hull sworn, and made a brief address.

Vote for Chief Clerk; Jas Armstrong 47, D. Atwood 30, E. Childs 1. Mr. Armstrong elected.

Vote for Sergeant-at-Arms; Egbert Mosely 47, E. Childs 30, B. Phelps 1, Wm. R. Blake 2. Mr Mosely elected. All the officers democrats.

Senate was notified that House was organized.

Mr. Stark offered a resolution for a joint committee to notify "the Governor, Wm. A. Barstow," that the Legislature is ready to proceed to business. Mr. J. H. Knowlton moved to insert Coles Bashford in place of W. A. Barstow, and proceeded at length to give his reasons therefor, insisting that the only legal record, the county canvassers, elect Bashford and not Barstow.

J. T. Mills spoke briefly to same effect, and wished to offer a resolution to call on Secretary of State for the evidence in his possession as to the canvass. Mr. Stark would not withdraw.—Various motions and calls followed. Mr. Knowlton's motion lost, 32 to 17. H. H. Gray moved previous question. Chair decided that majority could call it. Mills appealed. Chair sustained, by a party vote, and Mr. Stark's resolution carried by a like vote, 46 to 34.

Rules of last year were proposed to be adopted till revised. A debate ensued, because they provide for a majority to call the previous question. Some one said that Mr Knowlton, who opposed the proposition, ought not to do so, because the Republicans of last year had the rules. Mr. Knowlton declared that he was "born a Republican, is one now, and hopes to die one." After a long debate, the rules were adopted by a party vote and Assembly adjourned till to-morrow.

W. H. W.

The Military at Madison.—The Madison *Argus & Democrat*, in its accounts of the doings at the Capital on Monday, says:

The Military made a splendid appearance. The dark uniform of the Yagers attracted universal admiration. The Rifles were also neatly dressed and well disciplined. Attention however, was principally directed to the Milwaukee Light Guard, whose tasteful gray uniform, elegant accoutrements and excellent discipline were particularly remarked. The Watertown companies won great credit, as did also the Milwaukee Dragoons and Artillery.

The *Journal*, in its notice of the affair remarks as follows:

This celebration was one in which the people had no part, in which they would have no part. With the exception of the military companies, and a few Barstowites from Milwaukee and Waukesha, no one participated in it. The people of town, on the sidewalks, as the procession marched through the streets, hurrahed repeatedly for Bashford, and greeted the neat and orderly appearance of the Milwaukee Light Guard with several hearty cheers. This was all the display of popular feeling that we observed.

Pardoned.—The Washington *Star* states that the President has pardoned Wm. T. Sterling, late postmaster at Sterlingville, Wisconsin, who was convicted of embezzlement, and has been some time in the penitentiary. The pardon was granted in consequence of satisfactory proof that the prisoner would die, if not immediately released from confinement.

Increased Postage on Newspapers.

The Postmaster General, in his last report, announces that the expenditures for his department for the past year, exceed the receipts by the sum of $2,626,206, and therefore recommends, among other means of supplying the deficit, that the postage on newspapers be *doubled*. The N. Y. *Times* thus notices and disposes of this democratic proposal.

"The recommendation to Congress to double the rates of postage on all regular newspapers and periodicals, comes with a rather bad grace from a Postmaster General who has not the courage to advise a discontinuance of franking—a loading of the mails with thousands of tons of documents and speeches, four-fifths of which are of no sort of benefit to any human being.—Perhaps Judge Campbell owes the newspaper press some grudge. He calls the low postage rates in the act of August, 1853, a "special privilege to a particular class." What "class" can that be? Of course, the class that takes newspapers and periodicals. A pretty large class certainly. He cannot, for a moment, imagine that low postages are a boon conferred on the publishers. The postage tax comes out of readers, not publishers. Then, how inadequate to meet what he calls the deficit of two millions and a half.—The entire amount of postage for printed matter, amounts to less than $640,000, and not over $400,000 or $450,000 of this is on regular papers.—Double the postage on these and instead of doubling the income, the papers would be taken thro' expresses and news-dealers, and it is doubtful if there would be as much newspaper postage collected as is now. If there were an actual gain of $400,000 squeezed out of every class of hard working people, who live at a distance from the large cities, and who generally take but one, or at most, two papers, what a mere drop in the bucket this is as compared to the enormous amount of about two million dollars for franking, which is now saddled on the postoffice. The Postmaster General's wishes cannot be met in this matter of raising the postage, unless he makes out a better case than he has done this year.

A much more certain remedy for the deficient finances of the P. O. Department, would be found in the restriction, or repeal of the Franking privilege. Enormous abuses are annually perpetrated under the cover of this priveleged system, and the mails in all directions are loaded down with franked matter, much of which is utterly valueless and rarely read. Were the law so altered that all letters, documents &c., sent through the mails on public business of any sort, were subject to the same postage as private correspondence, the revenues of the Department would be ample to defray all expenses. But what if they did, or do fall short? Why is not the Post Office Department as well entitled to aid from the Treasury, as any other branch of the Public service? To the Public at large it is the most important of all, and they properly attach more value to a well-arranged, well-managed, and thoroughly efficient Post Office Department, than to the Army, Navy, Treasury and Interior Departments, all combined. Such being the fact, why is it that this Department is regularly stinted for money, and the mail service curtailed in consequence, while tens of millions are lavished on the other? As the law and the service now stand, the Free States pay postage enough to defray the expenses of their own mails and a good portion of those supplied to the South. In other words, the tax is an unequal one, and therefore unjust as well as contrary to public policy.

Our whole Postal system demands thorough and speedy reform. It is bungling, expensive, dilatory, unsafe and inefficient. It ought to be prompt, regular, reliable and cheap. The present head of the P. O. Department has no head for the place. We are not certain that the right man for the place is yet to be found. But at any rate that member of Congress will deserve well of the country and entitle himself to the gratitude of the people who will propose and carry out a radical reform of our Postal system, including the *entire abolition* of the Franking Privilege, the establishment of a uniform rate of Penny Postage, and the regular transportation of the mails by the speediest conveyance.

A CARD.

Armory of the Light Guard,
Milwaukee, Jan. 10, 1856.

Various paragraphs having appeared in the Milwaukee and Madison papers, relative to the reception and treatment of the Light Guard during their recent visit to Madison, the undersigned, in behalf and at the request of the Members of the Company, take occasion to say, that the Light Guard were most kindly cared for, while at Madison, and that they feel under great obligations, as well to the Committee of Arrangements, as to the citizens generally, for the civilities and attentions which they received, and the pains taken to make them welcome.

The Wisconsin U. S. District Court.

It is rumored that an effort will be made, during the present session of Congress, to divide Judge Miller's district and create a new district in the western portion of the State. We understand that a gentleman, recently occupying a high judicial position in this State, is now at Washington covertly urging this measure with a view to obtaining the appointment as Judge.—*Madison Journal.*

Whenever the democracy want to provide for one of their decayed politicians, or disappointed office-seekers, or defeated candidates, the favorite prescription is a new Judgeship. Several Circuits have been created in this State, and the Treasury saddled with the additional and unnecessary expense, to pension off some political favorite. And now another District, it seems, is to be carved out for Judge Crawford's benefit.—There is no sort of necessity for this multiplication of Judicial Offices. Judge Miller has a very easy time of it, as it is, with plenty of leisure on his hands, save when the Fugitive Slave act needs enforcing. If offices are created and filled for the benefit of the People, no good reason can be given for the proposed move. If they are established for and belong to the party, let the party, and not the people, be called upon to foot the bill.

The Lecture To-Night.—We begin to hope that the weather will allow of a reasonably full house, to hear Prest. Hitchcock this evening.—Certainly it is due to Milwaukee, that the first geologist of our country should be greeted with something better for an audience than those of the last two evenings. We are assured that the hall *shall be comfortably warm* to night, and we can assure our readers that, if they attend, they will be well repaid in instruction in a science not generally understood, communicated in a most simple and perfectly intelligible style, by one of its most learned professors.

We trust that no one, who can attend, will stay away under an impression that the lecture will be but a dry collection of details, and a list of unheard-of names. We can assure them that Dr. Hitchcock's lectures are something more and better. Indeed, few men in the country combine with such extended learning, so good a faculty of imparting knowledge. The lecture this evening will be illustrated with drawings and specimens, so that any who have never seen the hardened tracks of preadamite birds that played in the mud before the present world came out of chaos, may have the chance to-night to see their "foot-prints left" and to learn more of their habits and history perhaps, than they now know of our commonest bird.

The New Hotel.

City Land Office, Milwaukee, Jan. 10.

Messrs. Editors:—I have the pleasure of informing you that Mr. Newhall has let the contract for all the mason work of the new hotel, corner of Michigan and Main Sts., to Messrs. Rugee & Martin of the 5th ward. The said contractors are to have the walls of said hotel up by the 15th of August next. Other contracts will be let as soon as Mr. Newhall receives his plans, which are now being drawn by an experienced architect, lately from the east, who also is to superintend the entire building. As the contracts are let I will inform you.

Caleb Wall.

The vote for Speaker, we apprehend, will be decisive on the first ballot. Who are the candidates we have no means of knowing, though it would not be strange to see the Democrats unite upon Mayor Cross of this city.—*American a Wednesday.*

As Mayor Cross is not a member of either branch of the Legislature, his selection as Speaker would be very "strange" indeed, and slightly at variance with precedent.

Great Snow Storm East.—One of the greatest snow storms in record visited New England, New York, and the Atlantic States generally, on Saturday last. The snow fell to the depth of two feet, or more, and in many places the drifts were six and eight feet deep. New York City was fairly buried under, and took all day Sunday to dig out. The Rail Roads in all directions were blocked up for two or three days.

Working of the Patent Rotary.—The Madison *Patriot* of Wednesday is illustrated with a spirited wood-cut, showing the operation of "Pump Carpenters" Patent Rotary, in driving "The Forty Thieves" out of the State Capitol. The "Pump" appears to be quite equal to the Hercule in labor of cleansing this Augean Stable.

Clothing for Poor Children.—Our Relief Society stand in need of some clothing for children, boys and girls. Yesterday they had applications from 20 or 30, some of whom they had to refuse, their stock being exhausted. We appeal to such of our readers as have any children's clothing to spare, to send it *to-day* to the Office of P. C. Hale, 25 Wisconsin Street.

The Cold Wednesday.—At Janesville, Wednesday morning, the thermometer marked 28 degrees *below zero*, and 27 at Madison—the coldest weather ever known at either place.

Wisconsin Legislature.

Madison, Jan 9.

Senate.—At 12 o'clock M., the Senate was called to order by Mr. McArthur, Lieut. Governor

The roll was called, all the Senators answering to their names, except Senator Gill.

The oath of office was administered to Senators Smith, Weil, Sholes, Mills, Barnes, Barber, Harvey, Pier, Dexter, Gernon, and Fitzgerald

Senator Hadley, (dem.) offered a resolution, adopting the rules of the last Senate, until otherwise ordered.

Senator Taylor, (rep.) moved that the Senate do now adjourn until 11 A. M. to-morrow.

Senator Hadley thought rules should be adopted before we adjourn.

Senator Dunn, (dem) thought it would do no injury, and might be of advantage to adopt rules He trusted the Senator would withdraw the motion to adjourn till rules were adopted.

Senator Taylor declined withdrawing his motion. Members wished to examine the rules before adopting them, and it might prove a very important matter.

Senator Rose having arrived, was sworn into office.

The motion to adjourn was adopted by a vote of 13 ayes—all republicans.

The Senate then adjourned.—*Argus.*

Assembly.—The Assembly was called to order at 12 o'clock M., by David Atwood, Chief Clerk of the last session.

The roll of Members was called and a quorum reported present.

William Brunquest was reported as the member elect from Outgamie, Waushara and Waupacca counties, Louis Bostedo being announced as prepared to contest his seat.

The oath of office was administered to the members present by Justice A. D. Smith of the Supreme Court.

The absent members were Messrs. R. Aiken of Richland, G. W. Parker of Fond du Lac, E. Knowlton of Iowa, M. Murphy of La Fayette, W. A. Hawkins, Peter Lavis and Geo. Hahn of Milwaukee.

It appeared that both Mr. Bostedo and Mr. Brunquest had received the certificate of election from the district comprising the counties of Outagamie Waushara and Waupacca, and, on motion of Mr. Hull, the former was permitted to take the oath of office.

The roll was then called a second time, and seventy members found present. The absentees were Messrs. Aiken, Childs, Crane, Hahn, Hawkins, Hayes, E. Knowlton, Murphy, Lavis, Palmer, Parker, Taylor, Wood.

On motion of Mr. Morrison the House then adjourned until 10 o'clock, P. M. to-morrow.—*Journal.*

Attempt to Sell Underwriters.

The schooner Edith, (Canadian,) sunk in November last in Niagara River below the falls, with a cargo of stones, has been raised by contract by Capts. Charles G. and L. B. Fortier, of this city. On getting her up, four three-inch auger holes were found in her bottom, and the auger with which they were no doubt bored, was also found in the vessel, and is now at Bagnall & Dobbins office. There was evidently a design here to sell to the underwriters, but as one of the owners living at Niagara has refused to receive an insurance, and has joined them in investigating the matter, the perpetrators will most probably be discovered. We understand the master was part owner.—*Buffalo Com. 5th.*

Frozen Flesh.—Mr. A. Bronson, of Mayville, Pa, says, from fifteen years' experience, he finds that Indian meal poultice, covered with Young Hyson tea, softened with hot water, and laid over burns or frozen flesh as hot as can be borne will relieve the pain in five minutes. If blisters have not arisen before, they will not after it is put on, and that one poultice is generally sufficient to effect a cure.

Horrible and Fatal Accident in the Toronto Theatre.

[From the Toronto Colonist, Dec. 29.]

We regret having to record an accident of a very distressing nature at the Royal Lyceum Theatre on Thursday night, by which the youngest daughter of Mr. T. Cook, Musical Director and leader of the Orchestra, met with a painful and untimely death. This sad occurrence took place during the performance of the *Enchanted Isle.*—The deceased was attired in fairy costume, and having approached too near the stove which is placed behind the side scenes, the light fabric forming the skirt of her dress caught fire and instantly enveloped her in flames.

Several other performers being near—some of whom had previously warned the unfortunate girl to avoid standing so close to the stove—immediate efforts were made to quench the burning garments. Mr. Nickinson himself was very severely burned about the hands in this humane endeavor. It fortunately happened that, with the exceptions of Mr. Johnson's clothing, which also ignited by attempting to wrap something around her, none of the other actors, similarly dressed, sustained injury. Mr. Matthews had the presence of mind to snatch a cloak from off the shoulders of another, and aided by Miss C Nickinson, and a gentleman from the audience, succeeded in smothering the blaze.

A cry of "fire" was raised, and Miss C. Nickinson, with commendable forethought, allayed the excitement by assuring the audience that there was no cause of alarm, and requested them to remain quiet. This assurance had the desired effect, and probably prevented other accidents generally incident to panic among a large crowd.—Doctors Scott and Cadwell being present at the time, medical aid was directly rendered, and indeed everything humanly possible was done to relieve the poor little sufferer; yet all efforts to save her life proved of no avail. She was conveyed to the ladies' dressing-room, and in great suffering lingered till morning. The deceased was a comely little girl, and quite a favorite.

Horrible Tragedy.—One of the most horrible and distressing tragedies which it has been our lot to record, or which perhaps has ever met the public eye, occurred in our city on the night of the 24th or on the morning of the 25th inst. When the 4 o'clock train on the Macon and Western Railroad arrived at East Point, on Christmas morning, the body of a person was found on the cow catcher, having been dragged the entire distance from Atlanta—six miles—in this manner! The body was so mutilated, in fact, literally torn in pieces—the fragments scattered along the whole distance—as to defy identification. From the fragments of the clothing, however, found attached to the body it is rendered almost certain that the deceased was a son of Col. Amos W. Hammond of this city. There is a suspicion afloat, that he was murdered in an affray by his companions, and afterwards laid upon the track. We have not heard the evidence to this point. The matter is now undergoing investigation before the coroner.—*Atlanta (Ga.) Intelligencer.*

Violation of Post Office Law.—We understand that it is the usage of many newspaper publishers, especially as it would seem, in this State, to enclose in each number of their issue, a private business card or circular, printing the name of the paper, with the word "extra" at the head of each circular, and thus passing it gratuitously through the mail, as an extra newspaper, although differing in every respect from a legitimate extra.

The attention of the Post Master General having been called to this evasion of the law, all Wisconsin Post Masters are directed to examine carefully the papers which reach their respective offices, and to charge each copy containing one of these circulars with letter postage, as expressly directed by the act of August 30th, 1852, which provides that such postage shall be charged upon every newspaper, which has "enclosed in or with it, any paper or other thing" except the bill or receipt for subscription.—*News, of yesterday.*

A Capital Hit.—Mr. Galloway of Ohio made a capital hit on Saturday, 5th, which brought down the House. He was demonstrating that Freedom constituted in this country the only true and vital distinction of that "Nationality," which had been so much harped upon, and illustrated this view by reciting the preamble to the Constitution, which declares the object of Union, to "secure the blessings of Liberty to ourselves and our posterity." Dr. Marshal of Ky., interrupted him by inquiring if "niggers" were included in this posterity? "Yes," reported Mr. Galloway quickly, "perhaps in *yours*, but not in *ours*." The point was made with wonderful effect of manner, and flashed through the hall and galleries with electric rapidity. The Southern Medicus will hardly repeat the experiment in a hurry of running a tilt against Sam. Galloway.

Sleighing.—We are now having delightful winter weather—just enough snow to make the sleighing first rate. Everybody and their wives, who have a horse, ox, or any other animal that can draw, are now "putting them through."—Those who have not been in the woods this winter, can have no idea of the amount of work now being done, in getting out pine logs and clearing up-land.—*Green Bay Advocate, Jan. 3d.*

From Lake Superior.

A party of four gentlemen and a guide, came through on the trail from Ontonagon to Wausau, arriving at the latter place on Christmas day.—They passed through Stevens Point on Friday last, on their way East. Mr. J. Hutchinson, of Cleaveland Ohio, one of the party, gave us some account of their journey, which we condense for the benefit of our readers. The gentlemen referred to, were the Captain and 1st and 2d Mates of the schooner "Seaman," and a Mr. Lockwood, a business man from Ontonagon, who is returning to Pennsylvania for his family.

They left Ontonagon on the 5th of December, under the guidance of Mr. J. Draper, who has been through on the trail several times before. They were obliged to adopt the Indian mode of travel, to wit: on snow shoes, for the entire distance, until they arrived at some logging shanties on Prairie River some 25 or 30 miles from Wausau, from whence they found a good road. They report the snow about three feet deep north of Lac Vieux Desert, gradually diminishing in depth to about 16 inches at Wausau. The distance travelled per day was from 1½ to 8 miles—averaging about six miles. For the last five days, they were upon short allowance, their stock of provisions having become exhausted. No game was met with, except a few partridges.

The trail passes through large quantities of valuable pine timber, and available water powers are abundant; also, streams from which logs can be run out. Mr. H thinks the route favorable for the construction of a railroad, but thinks the country not adapted to farming. Of this, however, he admitted he was not very well prepared to judge, having seen only that portion in the immediate vicinity of the trail. Some very severe weather was experienced, and all of the party were more or less frost bitten. Mr. Draper remained at Wausau, and intends to return in a few days.

Provisions were scarce and high at Ontonagon, only a very small portion of the fall supply having arrived, the balance being detained at Copper Harbor, by the autumnal gales, which were unusually early and severe.

The schooner *Seaman* was purchased by the citizens of Ontonagon, and an attempt was made to procure supplies from Copper Harbor, but Mr. H. thinks it very doubtful whether they will succeed.

There is no market price for flour, there being none for sale. Mr. Hutchinson saw five or six barrels change hands at $20 per bbl.

But if provisions are scarce liquor is not. The cargo of the *Seaman* consisted of five hundred barrels of whiskey and beer, and the balance of gunpowder. A friend of ours suggests that the powder ought to have been stowed in the hold, and the liquor on deck, and a match applied.—Doubtless it would have been better for the whole mining region. Ontonagon contains a population of 1,500 and has twenty-six grog shops.—*Steven's Pt Pinery, Jan. 5.*

Our Relations with England.

[Correspondence of the N. Y. Evening Post.]

Washington, January 4, 1856.

Our relations with England are not at all cleared up by recent developements which have come to my knowledge. In the budget for Mr. Buchanan, which will be sent by to-morrow's steamer, is embraced a letter of instructions, ninety pages of manuscript in length, arguing by this Government against the enlistment of troops by Great Britain within our limits. The Attorney-General is fully sustained, notwithstanding Lord Clarendon's complaint of his unnecessary harshness to her Majesty's Government.

Further instructions have been prepared for our Minister in London in relation to the Central American question, containing it is presumed the President's ultimatum on the subject. And it cannot be doubted that a final noncompliance on the part of Great Britain, with our demand for the abandonment of the Mosquito Protectorate, will in the opinion of the Executive, present an immediate occasion for hostilities. A war with England cannot be regarded as an improbable event. The course of the British Foreign Office when pressed by our diplomacy, has exasperated the administration to a very bellicose degree. They are ready to "pitch in," if the people will allow them.

Nothing further is known confirmatory of Crampton's rumored recall. The astounding insinuation of new charges brought against him by the Government, telegraphed a few days since to the Boston *Courier*, is believed to refer to the old story that Mr. Crampton had authorized the *Albion's* assertion that Secretary Marcy had given his approval in advance to the project of enlisting recruits from this country for the British service in the Crimea.

The Speakership.

Editorial Correspondence of the N. Y. Tribune.

Washington, Jan. 6, 1856.

Mr Brenton's demonstration against Mr. Banks yesterday, weakens our confident expectation of immediate success, but we still cherish hopes of an election to-morrow. Such of our friends who ought to be here have paired off, but I shall be very much disappointed if Mr. Banks is not elected this week. I cannot hear that any one proposes to leave him unless Mr. Brenton. His speech hurts us most by paralyzing those Democrats who are ready to give us a plurality vote and thus end the struggle.

SECOND DISPATCH.

Yesterday was the first time that Mr. Banks, has had strength sufficient for an election. He received one hundred and five votes on the first ballot, which was only five short of a majority. Messrs. Williams, Edwards and Moore were prepared to aid Mr. Banks, and but two more were needed. On the second ballot, Messrs. Tyson, Hughston and Miller were accidentally absent, not supposing that another trial would be made during the day. These gentlemen, with the contingents named, would have elected Banks.

Belgians Come and Coming.—A party of about fifty Belgians arrived in this city on Friday night last, via Chicago and Milwaukee. They intend to locate in the eastern part of this county, and all appear to be abundantly supplied with the *needful*, to purchase and improve farms. They report that about 2,000 more will soon leave the old country for this place, and may be expected here as soon as navigation opens in the spring.—*Green Bay Advocate, Jan. 3d.*

Hon. Benj. C. Eastman.—This gentleman, having had a relapse, has been in a very critical state during the last few days, but he is now thought to be improving, and his recovery is deemed probable, though he is not entirely out of danger.—*Platteville American.*

By M. W. R. R.—1680 bu wheat, 120 do barley, 72 bbls flour.

The cold weather continues, and checks both receipts and transactions. Produce comes in slowly and buyers hold off. We quote the market, generally dull, at the following rates:

Wheat—138@140 for club. 155@162 white winter.
Oats—40cts.
Corn—55@58 shelled.

The business transactions of the past week have not been large in any department of trade, the New Year's Holidays and the cold weather appearing to withdraw the public very much from business avocations, and kept the country people at home. The receipts of dressed Hogs have not been at all diminished, and though prices have been considerably depressed during the week. At the close a slightly better feeling prevails, and we quote as before, $4,75@$5 for light, and $5,25@5,37 for heaviest lots. Receipts of Produce, on the average, have also been light. Very little of anything but Wheat has come forward. For Grain there is the same demand as noticed last week, good red winter being taken at $1,55@1,60, and spring at $1,30@1,35, the latter for best milling qualities. Corn contracts have been made for spring delivery. The last made was for delivery of 20,000 bushels on board at 45c ⅌ bu., standard measure of 56 lbs. Small sales at the depot to distillers at 44@45c ⅌ 60 lbs. Other species of Grain are dull at unchanged prices.—*Tribune.*

Buffalo Market—Jan. 5.

Building Lots in Bradley & Metcalf's Addition.

WE ARE NOW offering for sale at the southern extremity of the city some of the most beautifully situated sites for residences to be obtained in Milwaukee. Extensive views of the bay, harbor and surrounding country may be had from many of the lots, and for health, purity of air and water, and general eligibility of location, are not equalled in the city. A portion of these lots are rendered still more desirable from the fact of there being on them a great variety of the choicest fruit trees many of which, having been planted by a former proprietor, have now attained their full size, and are annually earing large crops of the most delicious fruit.

Strangers and others desiring a location for a dwelling possessing the advantage above named, may learn further particulars by applying to

Police Court, Jan. 10.

J. Jackson, for leaving his team unhitched, was fined $2.

A man named White, for assault and battery upon Chas Meigs, Jr., was arrested and afterwards discharged for want of prosecution, the case being settled by the parties.

In the case of Chapman vs. the City of Milwaukee, the plaintiff paid up the costs, having been *non suited* on the trial.

While in Court, paying the costs, Mr. Chapman stated that he should commence again in a higher Court, and during his conversation also stated, that, before the Cherry Street Bridge was constructed, his Tannery was built, that when the bridge was being erected he was about to obtain an injunction to stop its completion; when Mr Vleet, who was at that time the Acting Alderman of the Second Ward, and so accredited by the City, talked with him, and persuaded him not to obtain the writ, as it was the intention of the Council to so construct the bridge, that a draw would either be put into it at the time, or a place would be left for one. He further stated that one of the Aldermen of the First Ward, and another of the Fifth Ward, had repeatedly told him to go on, as usual, and draw his bark round, and the city would pay him the amount of hauling, rather than go to the expense of putting a draw in the bridge at present, assigning as the reason that as he was the only person doing business of that kind above the bridge, it was cheaper and more economical on the part of the City, to pay the trifling amount of hauling the bark round by land to his tannery, than be at the expense of putting a draw in the bridge, and to maintain and pay the expense of a bridge-tender. Upon these representations, and these alone, Mr Chapman refrained from obtaining a writ of injunction; however, before that, and at the time the bridge was commenced, Mr. Chapman offered to the City, that if they would put in the draw, he would look after the bridge and tend the draw free of charge to the City.

That in the end the City will have to put a draw in this bridge, all acquainted with the real facts of the case, must readily see, but we think few can see the justice or uphold the motive on the part of the City that compels one of its citizens to the expense and vexation of a law suit to obtain what are his legal and natural rights. But, "Corporations have no souls" is an old saying, and the present case furnishes an illustration of its truth.

A warrant was issued against William Dressen for threatening to kill his wife.

ARREST FOR ASSAULT UPON THE HIGHWAY.—Policemen Capron and Garlick, yesterday evening arrested two young men, named Andrew G. Legar and Henry Denny, upon the complaint of Mr. Allen, master builder of this city. It will be remembered that on the evening of January 1st, as Mr. Allen was returning to his home seven miles from the city, in a cutter, two men stopped his horse and suddenly sprung upon him, one of them knocked him senseless by a blow upon the head with some weapon, he was then dragged from the cutter and kicked and beaten. All he remembers to have been said was a remark from himself that "they were fools, as he never carried a cent with him," when the two men immediately left. The horse ran home with the cutter, and his boys and hired man came to the spot and found him almost insensible from the blows he had received. Yesterday was the first day he has been able to get about; he immediately complained to the Chief of the Police, and upon the strength of the information given, the two officers were dispatched to the country and arrested the two young men and lodged them in the Watch House. One of the young men is respectably connected in this city, and we sincerely hope, may prove himself innocent of the charge against him. Mr. Allen's head is badly hurt, as well as his face being cut and bruised, he is also hurt about the body. The assault, committed just at dusk, was a most savage and daring one; the two young men arrested are mere striplings, while Mr. Allen is an athletic and powerful man. Both gave bail last night in the sum of $1,000, and were discharged from custody.

LECTURE TO-NIGHT.—D. HITCHCOCK delivers the third of his series of Geological Lectures at Young's Hall this evening. His subject is "Fossil Footmarks," a branch of Geology which Dr HITCHCOCK has made his peculiar study. Hitherto, these Lectures have not been well attended, partly in consequence of the intense cold, but mainly, we suspect, because of the supposed dry character of the subject to be discussed. We think, however that the topic which Dr. HITCHCOCK is to treat to-night will prove more attractive, and we hope, therefore, to see the Hall well filled. The opportunity of hearing a man so eminent for Geological lore, on a favorite branch of study, ought not to be neglected.

STEALING WOOD.—A woman named Gallagher was arrested and taken to the Watch House last night for stealing wood from the Third Ward School House, by Policeman Coughlin. The officer caught her with a stick in her arms, and having been complained to repeatedly about the stealing of wood from the school house, made the arrest, but as the woman had a young child, she was permitted to go home, if she would promise to appear at the Police Court this morning.

WOOD AND HAY.—At noon, yesterday, there were 57 loads of wood standing in the wood market, and 29 loads of hay in the hay market. The prices of wood and hay were not quite so high as they had been for the three previous days, the weather had moderated and wood and hay followed suit. The range yesterday was $3,75@5,00 for wood, and $20 for hay. For clear, dry Maple $6,00 was asked, in some cases, but buyers did not seem disposed to give over $5,00.

NUMBER ONE'S BALL.—In our advertising columns will be found the announcement of Empire Company No. One's forthcoming Military and Fireman's Ball.—We hope that all of our citizens, who appreciate the services of an orderly, efficient, and well-disciplined Fire Department, will help to give Number One a *bumper* at their Festival next week.

A BOLD THEFT.—On Wednesday evening a horse-blanket was stolen from the seat of a wagon that was standing directly in front of the Watch House. The owner of the blanket apprized the Police of the fact as soon as he discovered it, this led to a sudden sally of the Police, and, had the thief been found, he would have marched to the tune of "come along."

CITY LAND OFFICE.—Particular attention of Real Estate owners and purchasers, is directed to Mr. WALL's advertisements in to-day's paper.

RICH AND SUBSTANTIAL PRESENTS.—We advise all to remember the splendid assortment of Dry Goods which Messrs. Mack Brothers, of the Milwaukee SAVINGS STORE, 151 East Water Street, now have on hand. It consists of Silks & Merinos for Ladies dresses, of all styles and patterns, together with a most recherche Stock of Cashmere and Brocha Shawls, which are afforded at prices much below the ordinary standard. If a person wishes to make a holiday present of real value, they should not fail to remember that a Dress or a Shawl will be a more substantial gift to a mother, wife or sister, than almost any other they could bestow. The Establishment of the Messrs. Mack is just now the resort of all the fashionable shoppers of the town, and the Milwaukee SAVINGS STORE, has become the popular place for Dry Goods. They have obtained their reputation by selling so cheaply, that no one can scarcely compete with them. Remember that. dec23s251d2w

(Advertisement.)

S ADLER & NEWBOUER seem to be really in earnest in what they say in their advertisement of to-day. Knowing very well that there are some who make an apparent show of selling at low figures, and a little less than other houses, thereby inducing customers to visit their stores, and then charging exorbitant prices for their goods. They respectfully invite the fashionable as well as those who are not fashionable, to call upon them, and be convinced that they can and do sell goods at as low figures as any other store in the west, and many articles for less. Give them a call.

ADVICE GRATIS.—If you will step into GATES & WILCOX'S Hardware Store you will find the best assortment of Housekeeper's Goods, Table Cutlery, Table Castors, Cake Dishes, Fruit Stands, Enamelled Ware, Stoves and Tin Ware in the city, and at prices that will please you.

PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of Mr. E. T. HURLBUT, a competent and experienced tuner, is now prepared to attend to all orders with which he may be favored. The following testimonial to Mr. Hurlbut's capability is from the director of the celebrated Germania Musical Society:

CHICAGO, March 27, 1855.

It is with much pleasure that I recommend Mr. E. T. Hurlbut as a Piano Forte Tuner and regulator. To say that he is an excellent tuner, would not be doing him justice, for I can without hesitation say that he is capable of tuning a Piano as near to perfection as it is possible for a Piano to be tuned; but the greatest recommendation for him is the unusual length of time which his Pianos remain in tune. I have never, either in Europe or America, seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano Forte as Mr. Hurlbut, and as cheerfully recommend him to all who want Pianos tuned.

IN a few days we will have Spring, and there will be a general rush for Real Estate, both in the city and country. There are already several applications for residences and lots, but owing to the intense cold weather, and being compelled to help in the house myself, I have not been able to show property to those who have made application. All who want to make any purchases will find me, as soon as the thermometer gets above zero, at my place of business at 8½ o'clock A. M., to 5 o'cl'k P. I have several dwelling lots for sale, and I would call attention of all who wish to secure themselves a home, to be in time, for I had the information that as soon as the Spring fairly opens, there will be from four to five hundred more families from the East and South, intending to make Milwaukee their home. WHY FEMALES SUFFER IN HEALTH.

THE MARRIED WOMAN'S

PRIVATE MEDICAL COMPANION

BY DR. A. M. MAURICEAU,

PROFESSOR OF DISEASES OF WOMEN.

One Hundredth Edition (500,000) 18mo., pp. 250.

A standard work of established reputation, found classed in the catalogues of the great Trade Sales of New York, Philadelphia, and other cities, and sold by the principal Booksellers in the United States.

Every woman can here discover, by comparing her own symptoms with those described, the nature, character and cause of her complaint, and be spared much anxiety and suffering, as well as the unpleasantness of making known to, or making inquiry of, a physician in respect to the numberless ailments to which she is subject. The wife about becoming a mother has often need of instruction and advice in respect to her situation, which she will here find This book tells her what is the matter, and tells her what to do for it, in simple but chaste words, and such as she can understand.

Those suffering from obstructions or irregularities peculiar to the female system, or from *prolapsus uteri*, (falling of the womb), or from *fluor albus*, will each find in its pages the means of prevention, amelioration, and relief.

Much distress of mind, as well as thousands pecuniarily, might be saved to every husband. if the simplest laws appertaining to the marriage state were better understood. That they are not better understood is traceable to that natural and almost commendable sensitiveness that will rather suffer than consult or converse with even a medical man in respect to complaints peculiar to the female only.

In a copy of "*The Married Woman's Private Medical Companion*," every female has a physician that knows and describes her every symptom, feeling and ailment, and which she can consult at all times without violence to her sensitiveness

[Extract of a letter from a gentleman in Dayton, Ohio.]

DAYTON, May 1, 1847.

Dr. A. M. MAURICEAU—*My Dear Sir*—My wife has been perceptibly sinking for some three years or more, in consequence of great anguish and suffering some months before and during confinement; every successive one more and more debilitated and prostrated her, putting her life in imminent danger, and which was on the last occasion despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. I heard your book highly spoken of, as containing some matters reaching my case. On its receipt and perusal I cannot express to you the relief it afforded my distressed mind, and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Desomeaux provided a remedy. It opened a prospect to me which I little conceived was possible. But for this, ere another year would have passed over my head, in all human probability my wife would have been in her grave and my children left motherless.

Upon receipt of One Dollar, "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION" is sent (*mailed free*) to any part of the United States, the Canadas, and British Provinces. All letters must be post paid, and addressed to Dr. A. M. MAURICEAU, box 1224, New York City. Publishing Office, No. 129 Liberty Street, New York.

THE NEW YORK MUSICAL REVIEW AND GAZETTE

COMMENCES its Seventh Year, and a New Volume, in January, 1856 In calling attention to the Review, its publishers believe they can present to the public no more satisfactory evidence of its excellence as a musical journal than is afforded in its constantly increasing success. It has now about three times as large a circulation as any other musical periodical in the world. Its receipts from subscribers during the last six months have been more than double those for the corresponding period of the year previous. By such flattering marks of approval, the publishers are incited to increased enterprise and exertion to add to the excellence of the *Review*. Prizes amounting to three hundred dollars were recently offered by them for songs for its pages. Of the vast number sent in to compete for these prizes, the best were selected by a competent committee, and are now in course of publication in the *Review*. When their publication is completed, the subscribers to the *Review* will decide by ballot which shall receive the prizes.

Besides a large amount of reading matter, including regular correspondence from the leading cities in the world, each number contains several pages of new music. A series of articles on Music Teaching, by Dr. LOWELL MASON, is now in progress of publication. Another, by GEORGE F. ROOT, Esq., on Cultivation of the Voice, Vocal Training, &c., will be commenced in the beginning of the new volume, as well as one by WM. B. BRADBURY, Esq., on the Improvement of Church Music. The NEW YORK MUSICAL REVIEW AND GAZETTE is published fortnightly, at one dollar per annum, or six copies for five dollars, payable in advance. Specimen copies sent gratuitously.

MEETING OF THE LEGISLATURE

NOMINATIONS FOR SPEAKER AND CLERK.

The Contest for Governor.

MADISON, Jan. 9, 1 P. M.

Both Houses adjourned till to-morrow. All Senators present but Gill. No action in the Senate. In Assembly 75 members present. Both Brunquest and Rostado sworn into office.

On motion of Morrison, Democrat, adjourned till to-morrow. Wm. Hull for Speaker. R. F Armstrong for Clerk; nominated by Democratic Republicans made no nomination yet.

The evidence prepared in the contest for Governor, shows the most astounding frauds; of which particulars by letter. W. H. W.

MADISON, Jan. 10, 8 P. M.

Neither House was in session this P. M. There has been a good deal of street caucusing and speculation as to the course of the Senate to-morrow. It is now generally understood that but little, if any, opposition will be offered to an immediate organization, and the reception of Gov. Barstow's message. It is deemed, by the Republican Senators, that this will not affect Mr. Bashford's claim to the office. To-morrow is motion day in the Supreme Court, and it is supposed that the petition of Mr. Bashford will be filed. The weather is moderating, but is still clear and cold. D.

FROM MADISON.

Organization of the Legislature—Officers Chosen—Interview between the Two Governors.

MADISON, Jan. 10.

The Senate was called to order at 11 A. M., by Lieut Gov. McArthur. Byron Paine, of Milwaukee, elected Chief Clerk. Four ballots for Sergeant-at-Arms. No choice. Adjourned till 10 A. M., to-morrow.

Assembly met at 10 A. M., and proceeded to elect officers. Wm. Hull, of Grant, was elected Speaker; Judge Armstrong, of Janesville, Chief Clerk; Egbert Mosely, of Milwaukee, Sergeant-at-Arms.

Mr. Stark, of Milwaukee, offered a resolution for a joint committee to wait on Governor Barstow.

Mr. Knowlton moved to strike out Barstow and insert Coles Bashford.

After a long struggle the amendment was rejected by a straight party vote, and the motion adopted. Rules of last session were adopted, including the 12th. Rule allowing a bare majority to call for the previous question.—Adjourned to 10 A. M., to-morrow.

Mr. Bashford called on Gov. Barstow in the executive chamber this morning, and demanded possession of the office, which Gov. Barstow declined. The interview is represented as being a very pleasant and respectful one upon both sides.

Weather moderating, cars on R. R. making good time. D.

Fatal Railroad Accident.

ALTON, Jan. 10th.

The freight train coming to this city this A. M. on the Terre Haute & Alton R. R., when about 15 miles east of this city, run of the track instantly killing King the Engineer, and Presly Davis the fireman, and John Marowson an engineer from Dunkirk; J. R. Bates and Doike, hog drovers from Decatur, Macon County, and Conductor Wyman jumped off and escaped. The accident occured by the breaking of a wheel of the locomotive; the bodies have been brought to this city and an inquest will be held on them to-morrow.

Detention of the Star of the West.

NEW YORK, Jan. 10.

The *Star of the West* was detained yesterday by order of Government, in consequence of a rumor that a large party of fillibusters were aboard. After search by the U. S. Marshal, and the arrest of 5 passengers, the steamer was permitted to depart.

WASHINGTON, Jan. 10.

Several memorials from Naval Officers, complaining of injuries to them, by the Naval retiring Board, were presented, and Mr. Brodhead concurred with the Sec'y of Navy, that a remedy may be afforded in cases where errors of judgement have deprived the country of services of meritorious officers. He trusted the Com. on Naval affairs, would give the subject the consideration, its importance merited. Mr. Mason said the services of competent and gallant officers of Virginia had been dispensed with by the Navy Board. The innocent had been confounded with the guilty. Mr. Hale denounced the bill as utterly abhorrent to every principle of Justice.

More Arrests of Fillibusters—The Cold East—Rail Roads Blocked Up—Our Relations with England.

NEW YORK, Jan. 10.

STAR OF THE WEST—FURTHER PARTICULARS. —The following are the names of five men arrested by the Marshal:—Lieut. Kranz, Capt. Mace, Chas. Smith, Jos. Perkins and William Bell. Three others whose names were embraced in the warrant of arrest, could not be found. All the parties arrested had tickets, which was also found to be the case with all on board. The arrested parties strongly protested against removal from the steamer. Capt. Mace, it will be remembered, was among the passengers of the Northern Light. A warrant was then issed for his arrest, but up to yesterday he was not to be found. Lieut. Kranz was one of the principal witnesses in the Kinney trial. The parties placed under arrest were taken to the District Attorney's office. Capt. Mace and Lieut. Kranz were ordered to give bail in the sum of $5000 each, and Smith, Perkins and Bell, they being only privates, in the sum of $600 each. A bench warrant has been issued for the arrest of Parker H. French, (Walker's ambassador.)

Proceedings in Congress.—National Agricultural Society.

WASHINGTON, Jan. 10.

At one o'clock Mr. Paine, of North Carolina made an ineffectual motion to place Mr. Smith, of Alabama, temporarily in the chair till a Speaker be selected. A discussion involving the merits of Know-Nothingism, Catholicism and other subjects, ensued. Two additional votes were had; the last one stood: for Banks, 58; Richardson, 62, Fuller, 27; Pennington, 6; scattering, 4. Motions to adjourn, with much confusion; followed. Mr. Winslow, of North Carolina, moved an adjournment. A recriminative discussion ensued as to which party belonged the responsibility of the new organization of the House, at the close of which, half past 8, the House adjourned to Friday by 10 majority.

NEW YORK, Jan. 10.

INTENSELY COLD.—Several receivers on the different R. R. routes, now traversed by sleighs, were nearly frozen to death yesterday morning. One of them was nearly stiff when he arrived at the ferry. A number of others were frost bitten.

The East River is filled with floating ice, and navigation is greatly impeded.

GREAT BRITAIN AND OUR COUNTRY.—The Washington correspondent of the Tribune telegraphs that a decisive step has been taken, relative to British enlistments. The long correspondence on the subject, between the two governments, has been closed by an elaborate and conclusive despatch to Mr. Buchanan, sent last Saturday, requiring the British government to recall Mr. Crampton, or naming the alternative of the Administration, giving his passports. The same paper signifies, distinctly, the revocation of the exequators of British Consul Barclay, at New York, Mathew, at Philadelphia, and Ricott, at Cincinnati, who were implicated in the enlistments.

BUFFALO, Jan. 10.

Weather moderating—storm still continues unabated. Lake Shore R. R. blocked up with snow, no train over yesterday. Buffalo city road the same—train on Central road arrived very much behind.

NEW YORK Jan. 10.

THE WAR IN HAYTI.—Advices from Cape Haytien to December 25th announce that nearly the whole male population had been marched off to join Soulouque's army, which was reported to be 30,000 strong, and to be marching against St Jago. The edict of the Emperor discountencing the cutting of mahogany, was strictly enforced. There was no sickness at the Cape. Provisions dull.

Fatal Rail Road Accident.

ALBANY, Jan. 9.

There was a fearful collision of the cars near Poughkepsie this P. M. We have only the following:

The 1,30 P. M. train from Poughkepsie left here an hour behind time to-day, and the Poughkepsie 2.15 train left but 15 or 20 minutes behind it. The Express slackened 3 miles below there to cross a bridge which was dangerous, and before it got over ran into rear of Express, smashing 2 cars and killing 4 or 5 persons and badly injuring several others.

Mrs. Backus, of Utica, killed; Chas. Green, of Utica, killed; others names unknown. Twenty persons more or less injured; several not expected to recover. Amongst the wounded is Geo. Closs, of Madison county, Ohio, dangerously injured.

WASHINGTON, Jan. 9.

The National Agricultural Society met at the Smithsonian Institute. There was a respectable attendance. President Wilder delivered the annual address. The Report shows a balance of upwards of $1000 in hand. The invitation of Mayor Conrad, of Philadelphia, to hold the next annual exhibition in that city, was accepted. The President read a series of resolutions, adopted by the Legislature of Illinois, asking Congress to donate to each State an amount of land, not less than five thousand dollars in value, for the establishment of industrial universities. The subject was refered to a committee. The executive committee was authorized to take such steps for the domestication of Rocky Mountain sheep as might be deemed expedient. A resolution providing for the importation of seed wheat was adopted. Adjourned till to-morrow.

Fire in Newport.

PROVIDENCE, Jan. 9.

The Touro House, Newport, and two adjoining buildings, burned last night. The Touro House was insured here for $1,000.

Death of a Member of the Virginia Legislature.

WASHINGTON, Jan. 4.

William M. Harding, a member of the Virginia Legislature, died on Saturday from a dose of morphine taken through mistake.

Alleged Violation of the Neutrality Laws.

CINCINNATI, Saturday, Jan. 5.

Nine persons, all Irish, were arrested in this city last evening by the United States Marshal, on charge of violation of the neutrality laws.—They were this morning held to bail in the sum of $1,000 each to appear on Monday afternoon. It is the impression that they were acting in concert with parties in New York and elsewhere, having in view a descent upon Ireland.

READ AND JUDGE FOR YOURSELVES

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of the age of progress, for it will restore permanently, gray hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head &c. It will cure as if by magic nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the names of more than one hundred thousand to the truth of every word we have written. See circular and the following.

Carlyle, Ill., June 29, 1855

I have used Prof Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE

Ex Senator United States

Vincennes, Ind. June 10 1853

Prof O. J. Wood Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern that I have used it and known others to use it—that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours

WILSON KING

A gentleman of Boston writes to his friends in New Bedford thus:

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative my hair was almost white and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change and have never seen anything like white hair starting from the roots and it is now as thick as it ever was and does not come out at all. It has proved in my case all that I could wish or ask.

Yours, &c.,

July 1 1854

Gardiner Me June 22, 1855

Mr Dyer Dear Sir—I have used two bottles of Prof Wood's Hair Restorative and I can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear as my case was one of the worst kind.

Yours, &c.,

DANIEL N. MURPHY

St. Louis, March 7 1854

Prof Wood—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day but to no effect. At last I was induced to try your celebrated Hair Restorative and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLMANSON,

133 Second Street.

St Louis June 23 1853

Prof Wood —As you are about to prepare and vend your recently discovered Hair Restorative and as you requested my opinion of it, I will state the my hair was, a few months ago very grey, and after using two bottles of your Hair Restorative, it assumed its original color and since its application all dandruff has disappeared from my head and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it as it gives the appearance of having been recently oiled. I am prepared therefore to recommend it use to all who are desirous of having a beautiful head of hair.

I am sir, yours &c

Helmbold's Genuine Preparations.

HELMBOLD'S HIGHLY CONCENTRATED

COMPOUND FLUID EXTRACT BUCHU,

FOR DISEASES OF THE BLADDER and Kidneys, Secret Diseases, Strictures, Weakness, and all diseases of the sexual organs, whether in male or female from whatever cause they may have originated, and no matter of how long standing.

If you have contracted the terrible disease which, when once seated in the system will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life do not trust yourself in the hands of quacks, who start up every day in a city like this and fill the papers with their glaring falsehoods, too well calculated to deceive the young and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease and unlike other remedies, does not dry up the disease in the blood.

Constitutional debility brought on by self abuse, a most terrible disease which has brought thousands of the human race to untimely graves thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a cure and preventative.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extr. Sarsaparilla

For purifying the blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the blood and the only reliable and effectual known remedy for the cure of scrofula, salt rheum, scald head, ulcerations of the throat and legs, pains and swellings of the bones, tetter, pimples on the face and all scaly eruptions of the skin.

This article is now prescribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary syphilis, mercurial and scrofulous diseases, have entirely recovered in the incurable wards of our public institutions, which had for many years resisted every mode of treatment that could be devised. The cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases after the glands were destroyed and the bones already affected.

NOTICE.—Letters from responsible physicians and professors of several medical colleges, and certificates of cures by patients will be found accompanying both preparations.

PRICES—Fluid Extract of Buchu, $1 per bottle, or six bottles for $5. Fluid extract of Sarsaparilla, $1 per bottle or six bottles for $6—equal in strength to one gallon of syrup of sarsaparilla.

MEDICAL.

AYER'S PILLS.

Wisdom shall bow down to it and the great of the earth shall kneel before it

Never could this be said with more truth, than it now applies to this remedy for affections of the Throat and Lungs. The exalted in learning and power acknowledge its supremacy, while both the little and the great can feel its benefits. The liberal minded among those skilled to cure are free to own its mastery over distempers which have baffled their art. Those of exalted stations are not ashamed to testify to its virtues, but deem it a duty and a pleasure to thus hold out the lamp of their experience to their suffering fellow men.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c., &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is reaching us daily from East, West, North and South, of the wonderful cures they are performing.

See what is said by those who have used these medicines.

The Rev Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores, is now perfectly cured by the use of the Syrup and Cerate."

Dr. A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev August Bolles says "it has cured the Salt Rheum in my leg."

J. Harfield Fraser, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years, but Weaver's Syrup and Cerate did the work at once."

Miss Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev J. S. Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with good success.

Ask Seth Frisbery, of Taunton, Mass., what the medicines will do, ask William Barber, of Three Mile Bay, Jeff Co., N. Y., what the syrup has done for him, ask G. F. & W. H. Boynton, of Perkinsville, Vt., ask F. L. Kent, of Chicago, Ill., ask Martha Cottle, of Martha's Vineyard, Mass., ask Wm F. Keables, or Wm P. Benjamin, Esqs., of New London, ask Dr. M. M. Murdock, of Pulaski, N. Y., ask J. O. Smith, of Brooklyn, N. Y., who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate, ask Curtis Burroughs, of Medina, N. Y., who has been cured of a severe case of Salt Rheum, ask Chas. Akin, of Hume, N. Y., what the Syrup and Cerate will do for sore legs, ask Winslow and Slafter, Merchants, Virgil, N. Y., what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.
